Classic styling and our most durable construction.

## ERGO Guards

Sizes XS to L

Our all new shinguards have been re-engineered from the ground up to offer lightweight, full-coverage protection. We have ergonomically designed them paying special attention to the ankle and shin areas to offer ideal comfort during play. For the shell we have developed a new blend of EVA-foam and Polypropylene to give the shinguard an ideal balance between protection and flexibility. A soft cushioning foam layer can be removed to wash both components easily and efficiently.

- Engineered EVA and polypropylene shell blend
- Lightweight and flexible, full coverage protection
- Removable EVA-foam cushion - easy washing
- Highly ergonomic design

## ERGO Gloves

Sizes XS to L

- Hard wearing knuckle protector from KEMPA
- Protective glove with updated design for 2021
- Plastic shell protection with foam for optimised cover and comfort
- Rubberized finger sections
- Improved fit
- Adjustable wrist strap
- Palm free design for a natural grip on the hockey stick
- Classic KEMPA navy
- Superlight weight
